Details under Regulation 30 of the Listing Regulations read with SEBI Circular No. SEBI/HO/CFD/CFD-PoD-1/P/CIR/2023/123 dated July 13, 2023.

S. No.	Particulars	Details
1	Existing capacity	161000MT per annum
2	Existing capacity utilisation	72%
3	Proposed capacity addition	40000MT per annum
4	period within which the proposed capacity is to be added;	30 th September 2025
5	Investment required;	INR 53 Crores approximately
6	Mode of financing	Internal accruals
7	Rationale.	PEB steel market is growing at a rapid pace and our order book is ever expanding. Most clients want their buildings completed within a period of 6-9 months with very large ones allowing a maximum of 12 months. In addition to that multistorey commercial, Infra and institutional buildings are fast converting from RCC framed to Steel framed buildings and this also needs new capacity for BOX columns etc. In line with our expansion plans to service this market and as per our business plan, this capacity expansion was taken up which is now being commissioned for commercial production.
