

Interarch Delivered Pre-Engineered Building for Metro Cash & Carry

Interarch delivered Pre-Engineered Retail shop for Metro Cash & Carry at different locations in Punjab. The building is well insulated with 50 mm thick Glasswool. Total area of projects is 9252 Sq. M.

METRO Cash & Carry pioneered the self-service business-to-business wholesale concept. Their dynamic business model adapts seamlessly to the most demanding markets. Headquartered in Dusseldorf, Germany, METRO Cash & Carry is the largest sales division of the € 67.3 Billion METRO Group, one of the world's leading international trading and retail companies. METRO's success story began over 4 decades ago in 1964, with the opening of its first wholesale distribution center in Germany. Today, the company is a leading player in almost every market it operates in, with around 700 wholesale centers across 30 countries.

Total tonnage of both buildings is 310 MT with a mezzanine floor to support live load of 350 Kg/ Sq. M and 500 Kg/ Sq. M.
