

Tristar Infrastructure Pvt. Ltd, Pipavav, Gujarat

Interarch has successfully designed, engineered and delivered the Warehousing facility for Tri-Star Infrastructure Pvt. Ltd.

Tristar is one of the largest service providers and rapidly growing Infrastructure Company, having more than 200 people on roll and offices in most of the major cities within the country and Dubai. Seeing the current growth and revamping of total Indian Infrastructure Market which includes railways, airports, roads, bridges and hydro powers, Tristar envisaged a good opportunity and has created joint ventures with various International organizations.

Interarch has always been a leader when it comes to following the safety standards. Tri-star has awarded Interarch with "Certificate of Appreciation" for Zero Accidents.

A highly complex building with an area of over 80,000 Sq. M has been executed by Interarch.
