PAT	20.3	19.4	4.56%	29.7	(31.71%)	86.3
<i>PAT Margin</i>	6.68%	6.60%	8bps	7.70%	(102)bps	6.67%
Basic EPS	14.07	12.93		20.60		59.84

Consolidated Q1FY25 Financial Performance:

- **Net revenue** growth of 3.31% to **INR 303 Cr** compared to **INR 294 Cr** in Q1 FY24.
- **EBITDA (excluding other income)** was **INR 27.06 Cr** in Q1 FY25 as against **INR 25.18 Cr** in Q1 FY24, YoY growth of 7.45% this was led by better realization.
- **EBITDA Margin** for the quarter stood at **8.92%**
- **Profit After Tax** for the first quarter stood at **INR 20.3 Cr** as against **INR 19.4 Cr** in Q1 FY24.

Q1 FY25 Operational highlights:

- The company inaugurated its 5th State-of-the-Art PEB Manufacturing plant (4th fully integrated unit) in Athivaram, Andhra Pradesh
- The plant will add 60,000 MT per annum over 2 phases, increasing the overall installed capacity to 2 Lac MT per annum
- The plant will create job opportunities for 750 personnel in the region

Commenting on the company's performance, Mr. Arvind Nanda, Managing Director, Interarch Building Products Ltd., said "During the first quarter of the financial year 2025, we registered a revenue of Rs. 303.4 crores as against Rs. 293.7 crores in the corresponding quarter of the previous year, reflecting a year-on-year growth of 3.3%. Profit grew by 8.92% and order book as at end of August 24 stands at a robust 1350 Cr.

We have successfully inaugurated our 5th state-of-the-art PEB (Pre-Engineered Building) manufacturing plant in Athivaram, Andhra Pradesh. This marks the company's 4th fully integrated

unit, designed to enhance production capabilities significantly. The new plant, set to increase installed capacity by 60,000 MT per annum over two phases, will raise the company's overall installed capacity to 2 Lac MT per annum. In addition to bolstering production, the plant will also create employment opportunities for 750 individuals in the region, contributing to local economic development.

We expect to maintain a similar growth trajectory, leveraging our strong product offerings and market position. Our focus remains on sustaining a well-balanced business mix, while our strategic priorities are centered on maintaining profitability and delivering long-term value to our stakeholders.”

About Interarch Building Products Limited

Interarch Pre-Engineered Buildings

Interarch Building Products Limited commenced its operations in 1983. Today, 40 years later, Interarch is one of the leading turnkey pre-engineered steel construction solution providers in India with integrated facilities for design and engineering, manufacturing, on-site project management capabilities for the installation and erection of pre-engineered steel buildings.

TRACDEK® Metal Roofing & Cladding Systems

We manufacture world-class pre-engineered roofing and cladding systems designed to meet custom requirements. Our extensive portfolio includes Hi-Rib Roofing & Cladding System, Klippon Roofing & Cladding System, and SS-2000 Standing Seam Roofing System. Each of these solutions is engineered to provide exceptional performance and durability, ensuring that we meet a wide range of needs with precision and reliability.

Trac® Ceilings

Our TRAC® range of metal ceilings are manufactured from fully recyclable materials and are pre-painted and prefabricated in our factory. The ceiling systems are friendly to handle and will not promote the growth of bacteria and fungi. TRAC® ceilings exhibit excellent corrosion resistance. They can withstand very high humidity (up to 100 %) and are suitable for use in outdoor applications.

Interarch Life: Non-Industrial Buildings

We offer a state-of-the-art solution for non-industrial buildings through our innovative load-bearing wall framing systems, crafted to support lightweight structures. Embracing a hassle-free drywall construction approach, these systems guarantee swift and efficient assembly, simplifying the construction process for our esteemed clients. With a focus on durability and safety, our load-bearing wall framing systems are engineered to be earthquake and termite-proof, providing robust protection for the structure and its occupants.

Moreover, these systems offer the flexibility of dismantling if required, providing adaptability for future changes or modifications. These structures can be custom-made according to the specific plans, accommodating varying shapes, sizes, and designs to meet the exact needs of customers.

Interarch Building Products Limited acquires 51,926 sq. mts. of land in Gujarat, for its new manufacturing facility.

New Delhi, 30/09/2024

Interarch Building Products Limited (BSE Code: 544232) (NSE: INTERARCH), a leading player in the Pre-Engineered Building (PEB) Industry, today announced the acquisition of 51,926 sq. mts. of land in Gujarat. The land has been procured at an investment of INR 7 crore. This strategic move is part of the company's long-term vision to expand its national footprint and meet the increasing demand for high-quality Pre-engineered buildings across the country.

The recently acquired land in Gujarat will boost the company's utilizable capacity, allowing it to meet the increasing demands of its discerning customers. This strategic investment underscores the company's commitment to enhancing its supply chain capabilities in Western India while ensuring it remains close to its customers for exceptional service. Moreover, Western India, particularly Gujarat, is emerging as a hub for new-age industries such as semiconductors, data centers, renewable energy etc. Interarch is poised to capitalize on these opportunities.

Interarch has successfully executed several large projects in Gujarat for customers like Asian Paints, Timken, Micron (through Tata Projects Limited), Asahi Glass, MG Motors, and many more.

Commenting on the development, Mr. Arvind Nanda, Managing Director, Interarch Building Products Ltd. said, "This land acquisition in Gujarat is a significant milestone for us as we continue to expand our operational base across India. With this investment, we aim to boost our production capabilities and cater to the rising demand for high-quality pre-engineered building solutions in key markets. Our endeavour has always been to provide customer delight, and this is a significant step in that direction"

The company currently has four fully integrated state-of-the-art manufacturing facilities: One in Athivaram, Andhra Pradesh, One in Sriperumbudur, Tamil Nadu; One in Pantnagar, Uttarakhand; and One in Kichha, Uttarakhand.

Interarch Building Products Limited invests over INR 95 crores in 5th PEB Manufacturing plant

- The company inaugurated its 5th State-of-the-Art PEB Manufacturing plant (4th fully integrated unit) in Attivaram, Andhra Pradesh
- The plant will add 60,000 MT per annum over 2 phases, increasing the overall capacity to 2 Lac MT per annum
- The plant will create job opportunities for 750 personnel in the region

Investor Release

4th September 2024, New Delhi

Interarch Building Products Limited, a leading player in the Pre-Engineered Building (PEB) Industry today announced that the Company has inaugurated its fifth PEB manufacturing plant (4th fully integrated unit) in Attivaram Village, District Nellore in the State of Andhra Pradesh. This manufacturing facility is equipped with the latest technology and has capabilities to manufacture Pre-engineered steel (PEB) structures and pre-engineered metal roofing and cladding systems. This plant will contribute significantly to the region's industrial growth.

The Company inaugurated Phase 1 of the plant, which covers 4 acres of the plot and has been built at an investment of INR 40 crores (including cost of land). The investment for phase 1 has been funded by internal accruals and will increase Interarch's installed capacity by 20,000 MT per annum. This unit has generated new job opportunities for approx. 250 people, boosting the local economy.

The Company further did the groundbreaking ceremony for the Phase 2 of the plant, which covers 6 acres of the plot and will increase the company's installed capacity by 40,000 MT, increasing the overall capacity to 2 Lac MT per annum. The total plant area of phase 2 will be 2 lac Sq. Ft and is likely to be commissioned over the next 7-8 months. Phase 2 will be set up at a approximate cost of 57 crores, funded through IPO proceeds. In Phase 2, the Company expects to create direct and indirect jobs for approximately 500 people.

The new plant is designed to meet the highest standards of efficiency and quality. With this expansion, Interarch is not only expanding the production capacity but also creating new opportunities for employment and economic development in the region.

Mr. Arvind Nanda, Managing Director, and Mr. Gautam Suri, Whole Time Director, Interarch Building Products Limited, said, "We are excited to announce the inauguration of our fifth PEB manufacturing unit in Attivaram, AP, marking a key milestone in our strategic expansion. This achievement not only reflects our robust growth trajectory but also our unwavering commitment to excellence. As we continue to expand, our goal remains clear: to set new standards in the industry through quality, innovation, and customer delight. This new facility enhances our geographical reach and reinforces our commitment to innovation, quality, and sustainability. We look forward to contributing to the region's economic development and meeting the growing demand with excellence."

Mr. Manish Garg, CEO, Interarch Building Products Limited said, "Inaugurating this fully integrated PEB manufacturing unit in Attivaram is a proud moment for all of us at Interarch. This new facility represents our dedication to driving progress and creating value for our clients and the communities we serve. This new facility will help us service the increasing demand from our discerning consumers and help us meet our aggressive growth plans."
